- VHS Bubble Lined - 50¢
- VHS Corrugated Cardboard - 60¢

Short-Run Duplication:

Matchlight Media will duplicate small numbers of VHS, CD, DVD, and other formats in-house, which means a quick turnaround time and local service.

Large-Run Duplication:

Matchlight Media can facilitate an unlimited number of duplications.

Because a different process can be used when making large numbers of DVD and CD duplications, ordering 300 or more copies has added benefits including:

- better pricing, of course!
- better compatibility with old players
- larger DVD capacities; DVD-9 holds up to 9 Gigabytes on one side; DVD-10 is a double-sided DVD.

† Long-Run Duplication:

Long-Run Duplication is useful if you wish to have duplicates made over time and across masters, but want the same price advantage that you would get for the **Large-Run Duplication** of a single master. Using the above table(s), pre-purchase a qualifying quantity (of a specified length for VHS), and have short-run batches made on request with no shipping to pay!

Conditions:

1. Duplication credits are subject to a 50% deposit. The remaining value of each duplication must be paid upon its delivery. *One credit is good for one duplication of its type.*
2. Upon receipt of deposit, a statement will be issued which will show: the deposit amount, quantity and price of duplication credits for each length ordered, this list of conditions. An additional statement reflecting account activity will be issued whenever a new balance is owed.
3. Duplication credits must be used within 1 year of purchase.
4. Matchlight Media will guarantee fulfillment of orders up to 20 duplications within a one week period. Dependent on a number of factors (e.g. program length) more may be possible, but are not guaranteed.
5. In the event that Matchlight Media is forced to terminate this service, the full value of all unused credits will be refunded to the purchaser.
